## Embroidery Couching Foot Set (PC-A/PC-B)

This embroidery couching foot set has been exclusively designed for MC500E, MC450E, MC400E and MC100E for use when embroidering couching designs. Embellishing your work with yarns in embroidery creates a warm and fluffy finish.

For

Memory Craft 550E  
Memory Craft 500E  
Memory Craft 450E  
Memory Craft 400E  
Memory Craft 100E

### Point 01

#### The Embroidery Couching foot set comes with 2 different feet

You can choose between different yarn weights.

PC-A : weight 3 yarn (light)

PC-B : weight 4 yarn (medium)

\*Make sure to do a sewing test first as yarn thickness can vary even if yarn weight is the same

\*Use yarn without any knots

### Point 02

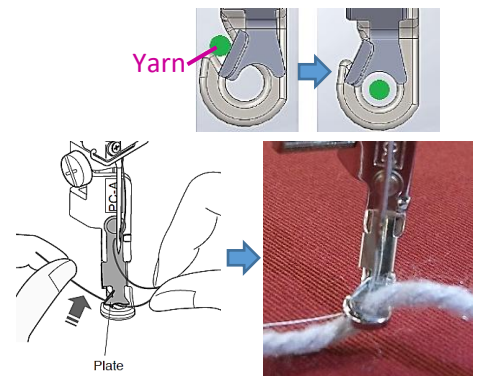

#### The feet are easy to thread, with an open toe and plate design

Slide the thread under the plate, and pass it through the presser foot hole. A very user-friendly design!

##### How to make good couching embroidery

- \* Recommended embroidery speed is 400 spm
- \* Use firmly twisted yarn
- \* Use the same or similar colored thread and yarn
- \* Do not use the single color sewing key in the editing mode for embroidery couching designs
- \* Guide the yarn gently while embroidering
- \* Rainbow color yarns create an interesting effect

\\ JANOME's patent! //

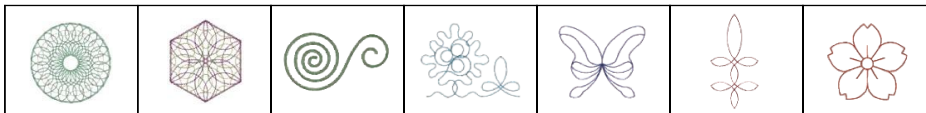

### Point 03

#### 10 attractive embroidery couching designs available as free downloads!

The embroidery couching designs shown below are available from the Janome Global Site as free downloads.
