## Embroidery Couching Foot Set (PC-A/PC-B)

This embroidery couching foot set has been exclusively designed for MC500E, MC450E or MC400E for use when embroidering couching designs. Embellishing your work with yarns in embroidery creates a warm and fluffy finish.

Part No.: 202-316-004

### Point 1 The Embroidery Couching foot set comes with 2 different feet

You can choose between different yarn weights.

PC-A : weight 3 yarn (light)  
PC-B : weight 4 yarn (medium)

- \*Make sure to do a sewing test first as yarn thickness can vary even if yarn weight is the same
- \*Use yarn without any knots

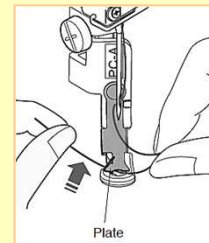

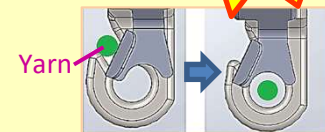

### Point 2 The feet are easy to thread, with an open toe and plate design

Slide the thread under the plate, and pass it through the presser foot hole. A very user-friendly design!

**JANOME's patent!**

#### How to make good couching embroidery

- \*Recommended speed is 400spm
- \*Use firmly twisted yarn
- \*Use the same or similar colored thread and yarn
- \*Do not use the single color sewing key in the editing mode for embroidery couching designs
- \*Guide the yarn gently while embroidering
- \*Rainbow color yarns create an interesting effect

### Point 3 10 attractive embroidery couching designs available as free downloads!

The embroidery couching designs shown below are available from the Janome Global Site as free downloads.
