JANOME BULLETIN

Elastic Gathering Attachment

Use this accessory for attaching narrow elastic tape to lingerie, Knit or woven fabrics. The holding plate ensures that the tape is in the correct position, while thumbscrew adjustments alter the amount of gather to suit your requirements.

Part No. 202-523-006

This is NEW !

It is possible to adjust the position of the guide to be compatible with the new Sailing Line (MYLOCK 454D).
Note: Existing Elastic Gathering attachment (#202-037-008) cannot be used with the new Sailing Line.

Point 1

Possible to adjust the amount of gathers by turning the thumb screw.

Tight

Loose

Tips

Maximum width of the elastic tape

3.5mm – 8.0mm elastic tape widths are available in this attachment.
