## ~The Latest MB-4 Accessories~

A great opportunity to review our latest accessories for the MB-4!

**Now Available!**

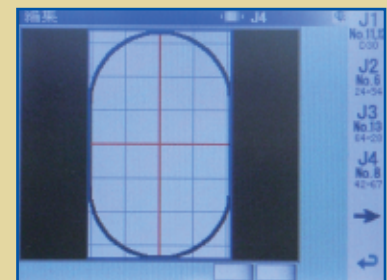

### Monogram Hoops and Monogram Hoop Adaptor

Small, single arm hoops perfect for professional monogramming and lettering needs. Wide range of shapes and sizes lets you to choose the hoop closest to the size of your design. (Note: Each hoop requires use with the hoop adapter.)

### Point 1

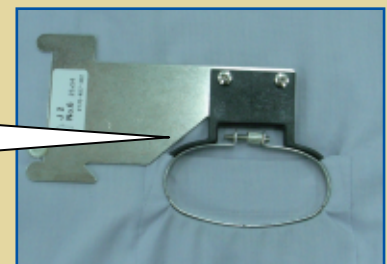

Monogram Hoops can be shown on the RCS display unit for on-screen editing and easy design placement.\* Hoop limit function makes it easy to fit designs into hoop and reduces trial and error waste. \* Version 1.10 or greater

### Point 2

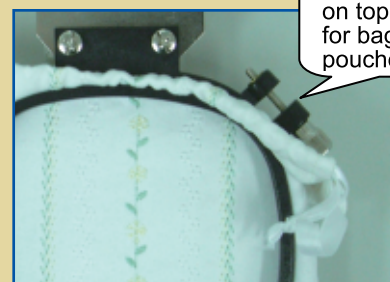

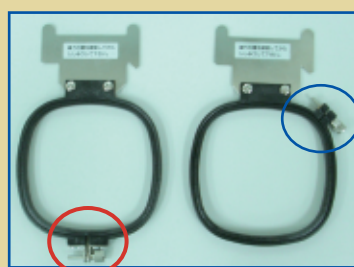

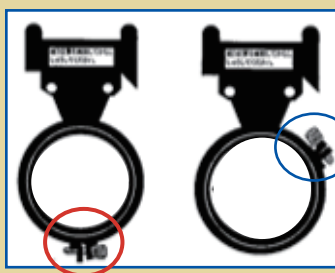

Special shape of J2 hoop arm allows deeper insertion into pockets

Notch allows deeper placement for better stability

### Point 3

Different hoop screw locations to meet your specific embroidery needs.

Hoop screw on top handy for bags and pouches

## Extension Table for MB-4

Reduces the amount of vibration on the MB-4 while embroidering and provides important support for large objects. Also effective for supporting heavier fabrics when using monogram hoops.

Part No.: 770814003
