Notice Concerning Differences Between Full-year Consolidated Results Forecast and Actual Results

JANOME Corporation (the “Company”) hereby notifies the following difference between the consolidated results forecast for the fiscal year ended March 31, 2024 announced on February 9, 2024 and the actual results for the same period announced today.

1. Difference between the full-year consolidated results forecast and actual results for the fiscal year ended March 31, 2024 (April 1, 2023 through March 31, 2024)

(Millions of yen, unless otherwise noted)

	Net sales	Operating profit	Ordinary profit	Profit attributable to owners of parent	Net profit per share - basic (Yen)
Previous forecast (A)	36,000	1,500	1,200	500	26.37
Actual results (B)	36,476	1,716	1,763	1,131	60.13
Difference (B–A)	476	216	563	631	33.75
Difference (%)	1.3%	14.4%	47.0%	126.2%	128.0%
[Reference] Results for the fiscal year ended March 31, 2023	38,571	2,120	2,400	(393)	(20.34)

2. Reasons for differences

The actual consolidated financial results for the fiscal year ended March 31, 2024, compared to the figures announced on February 9, 2024, exceeded the previous forecast for net sales and operating profit, mainly due to the yen continuing to depreciate more than expected. In addition, the recording of foreign exchange gains of 214 million yen for the fourth quarter further boosted ordinary profit and profit attributable to owners of parent above the previous forecast.
