Preparation for Cutwork Embroidery Designs by using the Artistic Digitizer Jr.

The Cutwork Embroidery Designs can be used on the CM17, which has a Ready to Sew Window dedicated to Cutwork patterns.

This manual explains how to edit and send the Cutwork Designs to the CM17 by using the Artistic Digitizer Jr..

(CUT_4_01 and CUT_1_04 are chosen as an example)

*Cutwork Designs (zipped) need to be downloaded from the web page.

 Download the zip file"Cutwork_Designs_Draw" and save it on your PC or Mac.

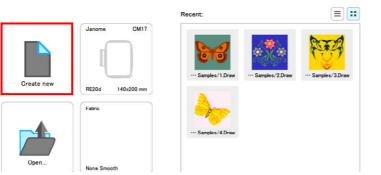

*Please refer to the instructions "How to Unpack a Zip File".

Start the Artistic Digitizer Jr. Software.
 *Artistic Digitizer version 1.7 or later is required.
